## What Happens

We pick you up from the airport and drive through luscious scenery to the resort, approximately 1.5 hrs away. On arrival day, we leave you to settle in and unwind after your flight, although we make sure you're fully aware of all the amenities and facilities.

The following day we have an easy start to the schedule, with some relaxing and re-energizing yoga to begin to wake up your body and senses. We have yoga in the mornings and evenings. During the day you can relax by the pool, head for the beach or visit some of the beautiful and fascinating sights of the area. Many wonderful excursions are also included free of charge. A typical schedule is as follows:

8.00-9.45am	Yoga
9.45-4.00pm	Free time, Excursions & Ayurvedic treatments
4.00-5.45pm	Yoga or Chi Kung
6.15-7.15pm	Meditation

Also available are powerful personal development sessions designed to discover a vibrant sense of clarity and purpose. Get a happier, healthier way of thinking as well as a healthier body!

**Our yoga** is designed for the beginner or intermediate, and our teachers are trained in a variety of styles including Iyengar, Ashtanga, Anusara and Satyananda. We believe in small classes so that you get individual attention, and get to understand and feel each posture, and so really accelerate your yoga practice.

Enjoying Yoga in its birthplace and outdoors, shaded by graceful palm trees, is an experience not to be missed!

**Ayurveda** is an ancient practice from India to create health and harmony in the body. According to Ayurveda, most people are born in a perfect state of balance but quickly lose it, either through bad diet, bad experiences or moving away from the things and places best suited to their natural constitution and temperament.

Ayurveda offers a way to discover the optimum conditions to keep oneself on a healthy path. It uses a variety of natural techniques, from detoxification, diet and herbal prescriptions, to yoga, meditation and massage therapy. All are personalised to suit the individual's dosha.

After your consultation with a highly qualified Ayurvedic doctor, you'll get your individualised treatment plan, which will include a series of rejuvenation massages and other treatments lasting up to five days. You can choose how and when to take your massages and other treatments to fit in with your day.

You get a free session as part of the holiday, and you can either choose to pre-book a 3 day package to your holiday or simply decide when you get there. Pre-booking gives you priority use of this very popular onsite ayurvedic centre, at our discounted rates. We have found that a 3 day package is an excellent introduction to Ayurveda, whilst still leaving you plenty of free time for enjoying the beautiful surroundings. You can of course book more!

Also available are powerful **personal development** sessions designed to discover a vibrant sense of clarity and purpose. Get a happier, healthier way of thinking as well as a healthier body! There will be at least one workshop included, as well as plenty of informal chats and the opportunity to book massively reduced formal private sessions.

We have been **visiting** this area for over 13 years now, and know it very well. We'll use that knowledge to introduce you to many of its delights with all the benefits of that experience. Included in this wonderful break will be an unforgettable trip on a beautiful houseboat on the world famous backwaters of Kerala as well as visits to fabulous temple festival extravaganzas, the blissful Narayana Shiva Giri Ashram and the very special 2000 year old Janardhana temple. We'll also visit an elephant stable where we can feed the elephants or go on a stately elephant ride. We'll visit the Golden Temple island, the local fish market, a coconut rope making village, the bustling local town, the remote northern beaches and other impromptu adventures! We have two full days off in which you can go on longer excursions such as the backwater trip, or simply decide to lazily soak up the ambience of the gorgeous location. Remember, everything's optional, so you do as much or as little as you please.

## The Venue

The surroundings are lush & peaceful, and you'll find that time just melts away, so as you enjoy fresh coconuts and delicious food beside the beautiful swimming pool, your body soothed from ayurvedic massage and flowing yoga, you'll soon slip into simply being.

The venue is very tranquil, beautiful, and just minutes from the beach, and it's always fully booked. We book at least a year in advance to reserve it especially for your visit. Each selected room has its own balcony and outdoor seating.

The peaceful yoga and meditation space is surrounded by palm trees full of the native fauna. The pool is divine and many an hour is spent there under the palm trees, allowing all those stresses to simply dissolve away. It is one of the very few pools in the area, and we think it's the best. The accommodation ranges from simple, comfortable en-suite rooms to gorgeous air con poolside cottages. There is very limited availability and they must be booked in advance.

The cottages are available for an added supplement - from as little as £160 per cottage. Please ask for details.

The staff are lovely & friendly and facilities include room and maid service, a laundry service, money exchange, safety deposit boxes and telephone and internet access.

The venue has its own yummy restaurant too - and with room or poolside service - you'll never want to leave!

There are oodles of other delicious restaurants to choose from and we'll help introduce you to the tastiest and most interesting ones. The food here is incredible value - with fresh fish a speciality - you'll be hard pressed spending more than £10 a day.

Oh, and did we mention all the shopping opportunities too? Bring an empty suitcase!
